About Zooe

Zooe is a global financial technology company under the Zooe Group, headquartered in the United Kingdom, with operational centers in Hong Kong. Specializing in CFD trading, Zooe offers a diverse range of financial products, including Forex, Precious Metals, Oil, Indices, and US Shares.

Zooe is fully regulated, offering a secure, professional trading experience with competitive fees, fast execution, and powerful tools to grow your investments confidently.

Our Regulation

Zooe operates under multiple regulated entities within the Group, authorized by reputable financial authorities including the Financial Services Commission (FSC) of Mauritius (License No. GB25205173) and the BVI Financial Services Commission (BVI FSC) (License No. SIBA/L/21/1139). These licenses reflect our strong commitment to global compliance, client protection, and operational integrity.

By maintaining a multi-jurisdictional regulatory framework, Zooe ensures a secure, transparent, and reliable trading environment — giving clients the confidence to trade with a trusted partner.

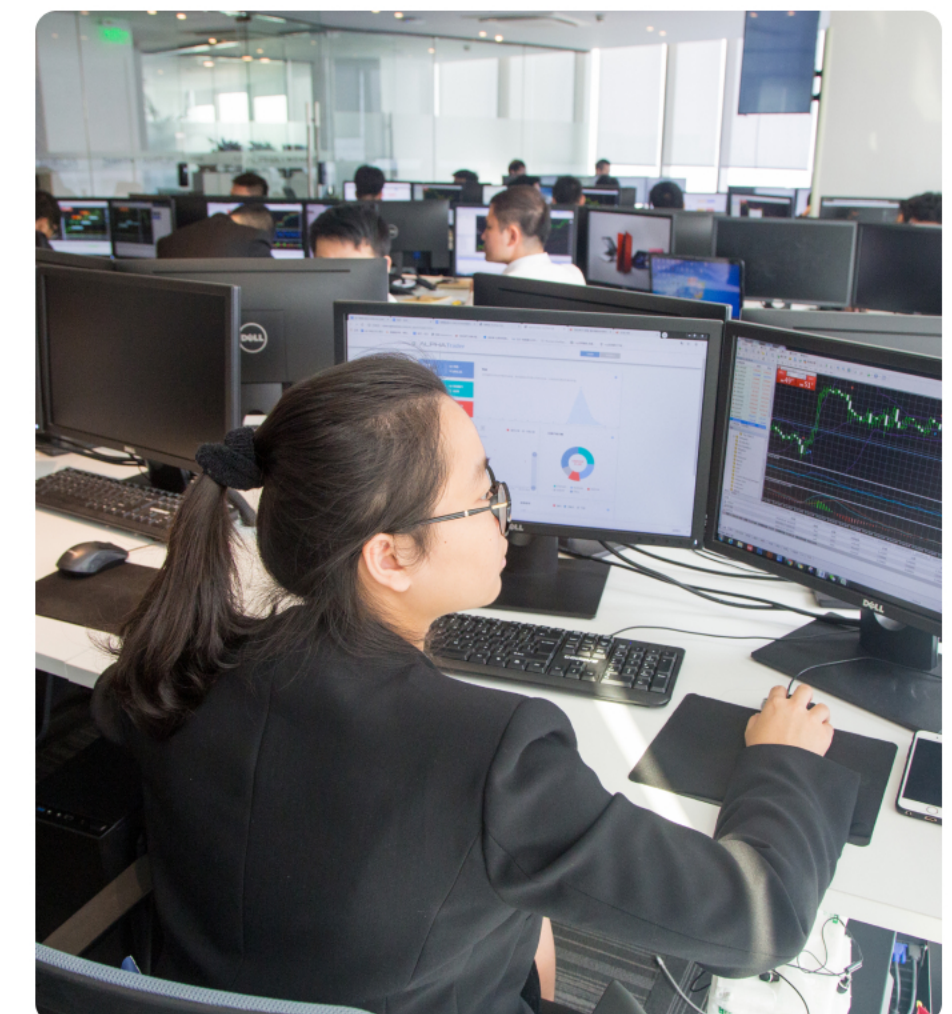

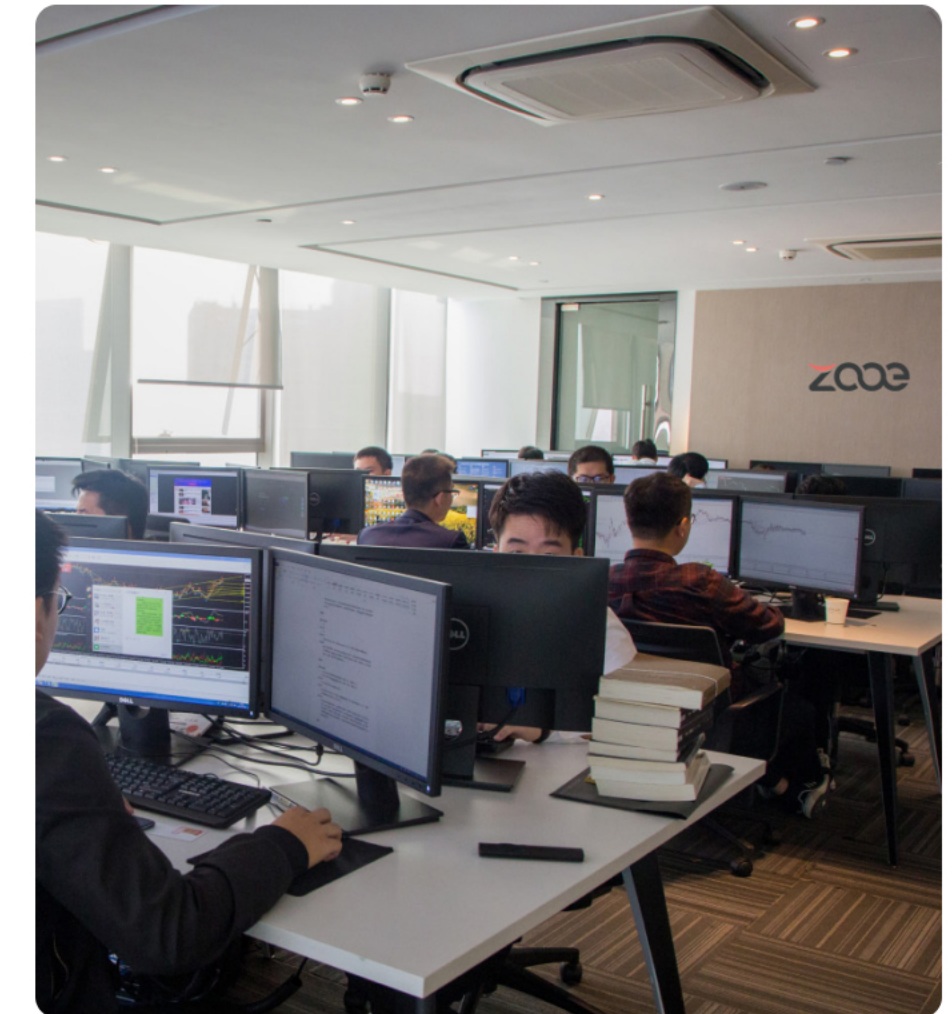

Our Global Presence

Zooe has established operational offices across Hong Kong and Southeast Asia, enabling us to combine localized expertise with global service standards.

Supported by experienced teams in trading, risk management, technology, and client services, our regional operations ensure responsive multilingual support, efficient execution, and robust risk control—delivering a transparent, compliant, and reliable trading environment for our clients worldwide.

We reinforce this commitment through real on-the-ground operations, providing clients with the confidence of partnering with a credible and professionally managed financial institution.

Deposit & Withdrawals(1/2)

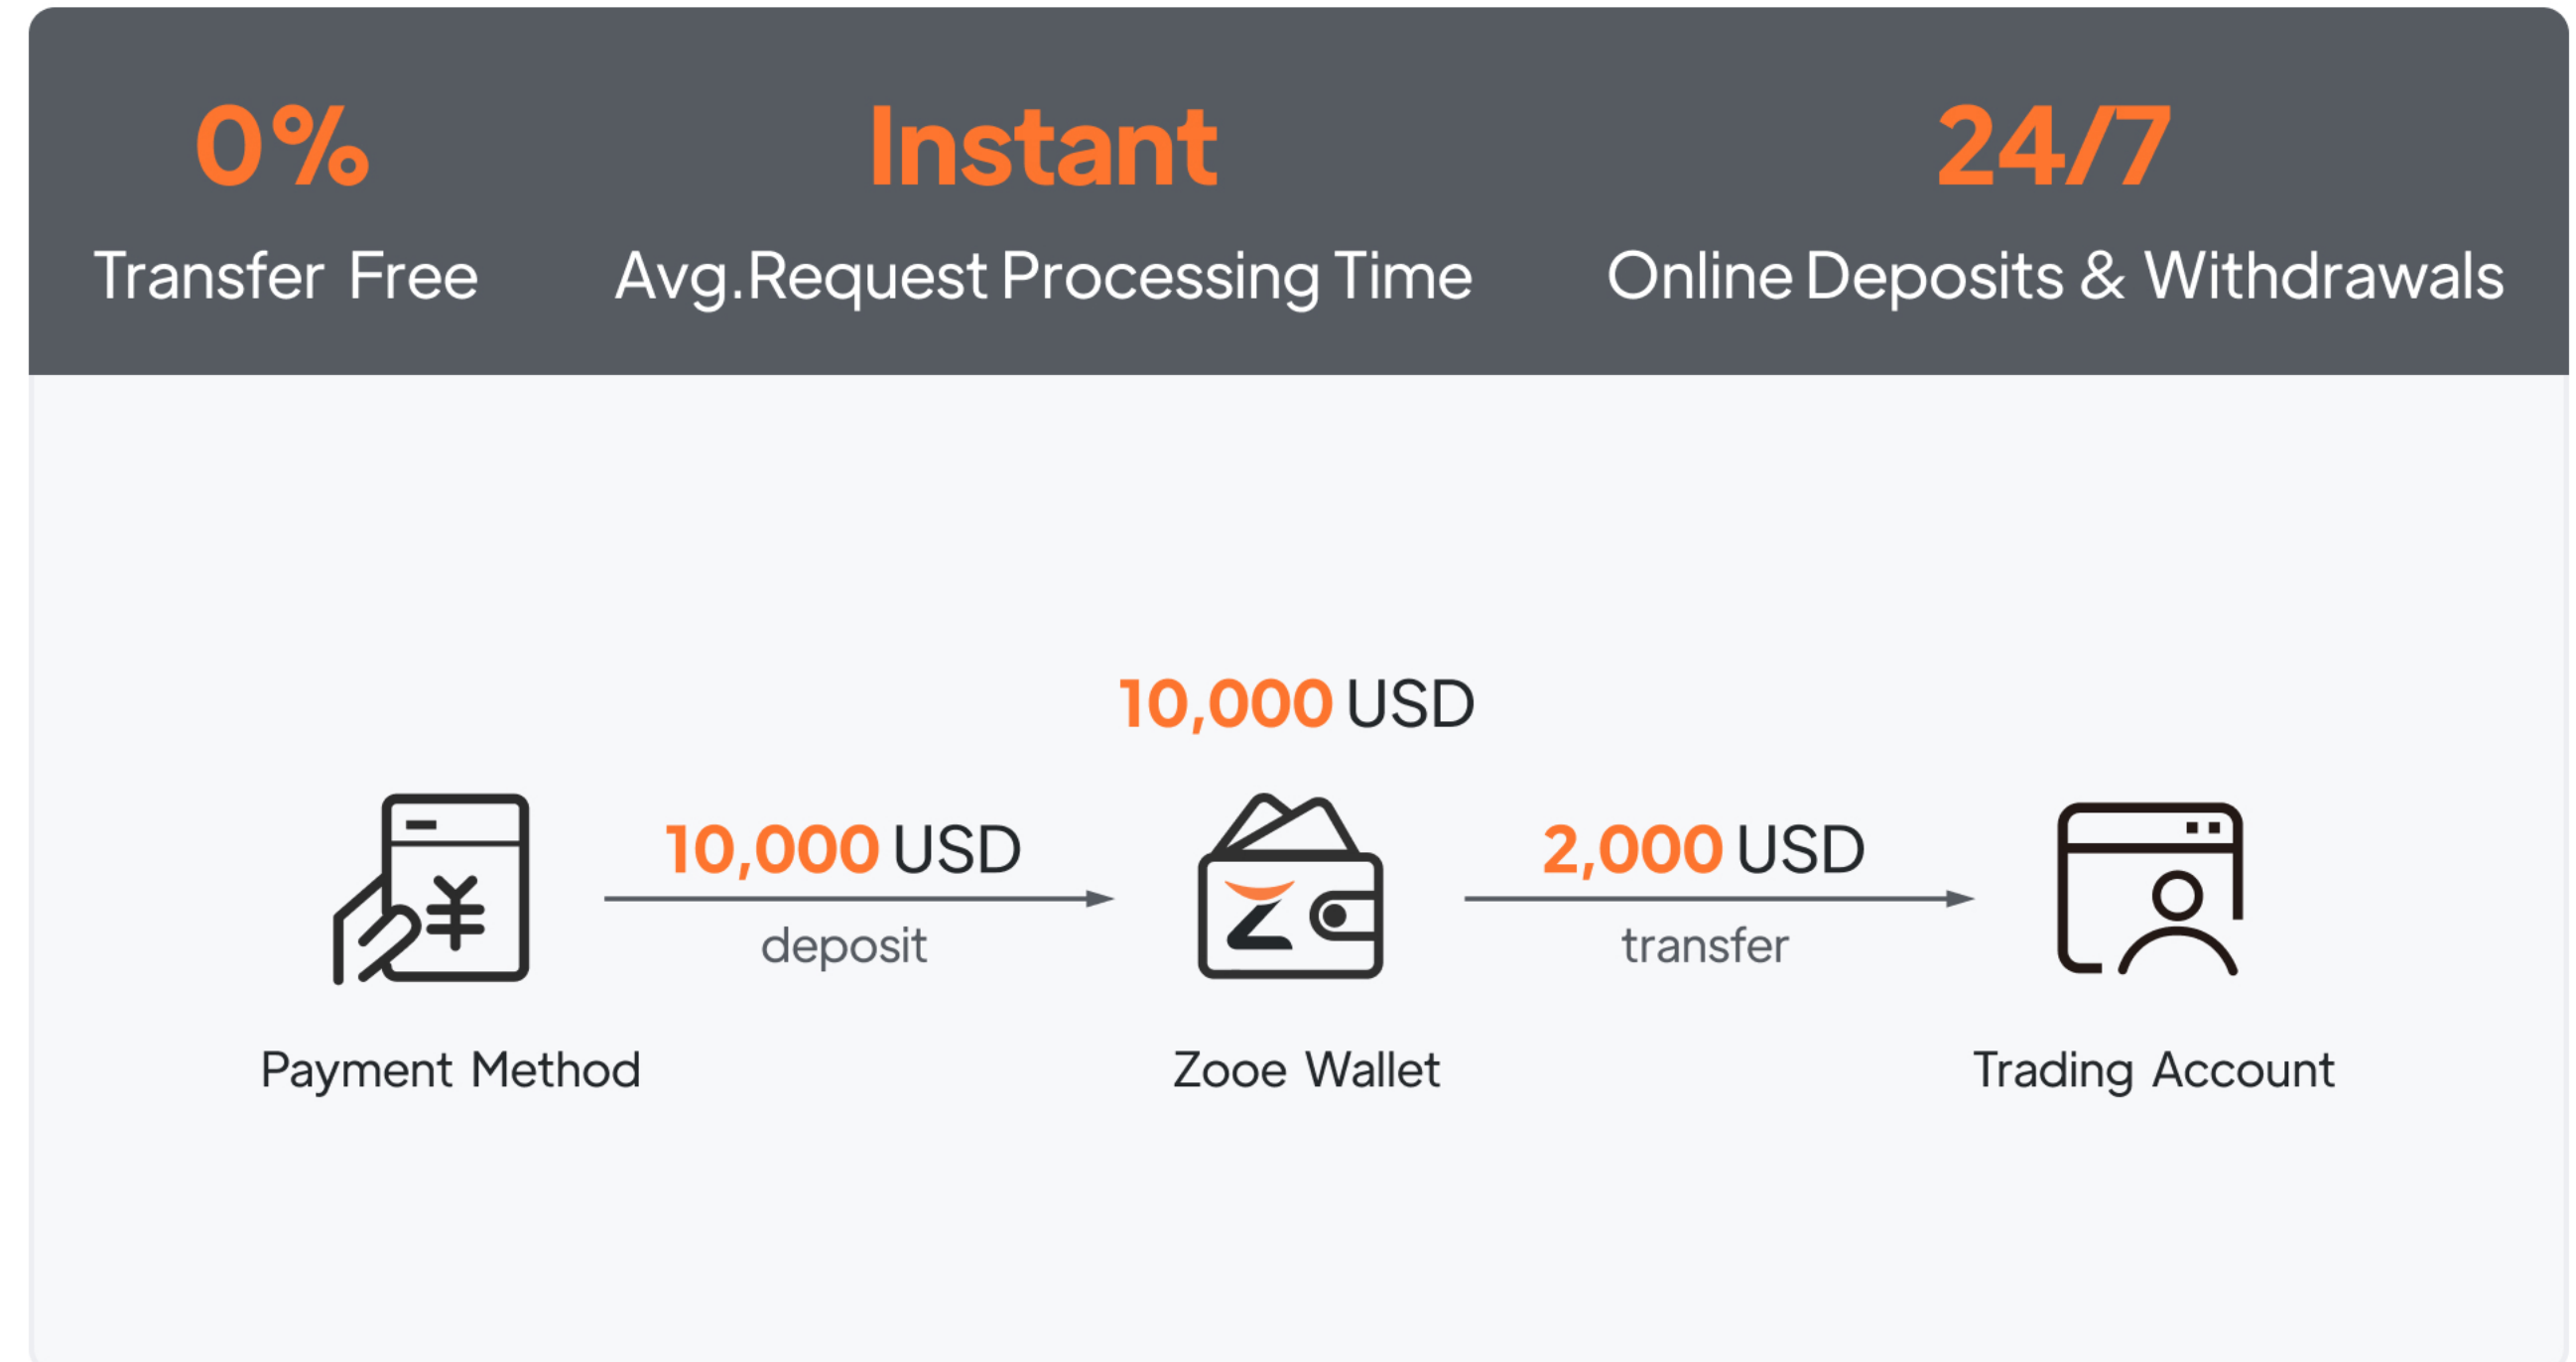

Control your Wallet

Zooe Wallet is your secure hub for hassle-free funding and withdrawals. Transfer funds seamlessly, invest only what you risk, and keep the rest safe.

Segregation and Client Funds

Zooe separates client funds from the company's operating funds. We accept the strict review system of international banks, and customer funds are dedicated and always protected.

* Zooe provides fast, secure deposit and withdrawal options while strictly adhering to AML regulations. Please note that we do not accept third-party deposits.

Deposit & Withdrawals(2/2)

At Zoee, deposit and withdraw your funds hassle-free with a variety of secure and easily accessible funding methods.

*Note:

1. Some options are only available to residents of certain countries.
2. Your bank may apply extra transaction fees and we will only apply the amount which we receive.
3. Only e-wallets under your own name are accepted for deposits and withdrawals.
4. Converted amounts are for reference only and subject to exchange rate fluctuations.

Choose the best traders and start copying them. They succeed, you succeed. Join Zoee's copy trading in a few clicks and start today for free!

* Past performance is not indicative of future results. Copy trading is a tool, not an investment recommendation.

Why trade with Zooe

Intuitive Platform with Real-Time Market Data

Enjoy comprehensive account management and seamless transaction execution, while staying updated with the latest market trends to make informed trading decisions.

Diverse Market Opportunities

Seize diverse trading opportunities with Gold, Oil, Forex, and more, supported 24/5 via chat, email, or WhatsApp.

High Leverage

Flexible leverage up to 1:1000, tailored to suit any trading style, from low-risk to high-reward strategies.

Regulated and Secure Funds

Client funds are strictly separated from operational funds, supported by authoritative regulation and negative balance protection.

Competitive Trading Costs

Enjoy low-cost trading, \$0 commissions, low overnight fees, and competitive and transparent spreads.

Exceptional Customer Support

Our multilingual customer service team provides real-time assistance to address your inquiries and ensure smooth trading experiences.

Experience Trading Beyond the Screen

We deliver more than just a stable and reliable trading environment — we are building a globally connected community for traders.

With offline events across the Southeast Asia and other high-growth regions, we continue to strengthen our global footprint.

Through consistently curated in-person engagements, we emphasize practical trading skills, strategy execution, and risk management — empowering clients to enhance their trading capabilities while building long-term trust.

■ Disclaimer

Trading financial instruments, including Forex, CFDs, and other derivatives, involves a high level of risk and may not be suitable for all investors. It is important to understand that you could lose more than your initial investment.
